
The Courdoroy Tribune

OLD BUSINESS

JANUARY 28-29 - This year, 18 of our students had the wonderful opportunity of going to our Made for Excellence and Advanced Leadership Academy conferences in Monterey! These two conferences provided fun and engaging activities for multiple chapters within our region that taught our students communication, cooperation, perseverance, and direction. Each and every person, whether it was their first year or they were returning guests, learned new ways to “be the change” by taking from the experiences they received over this action-packed weekend. Not only were chapter members able to bond through their assignments, but by spending time together at the dance and along Cannery Row.

NEW BUSINESS

FEBRUARY 7-8 - This week our chapter officers will be heading to Britton Middle School (2/7) and Martin Murphy Middle School (2/8) to talk about the FFA program and encourage them to enroll in agriculture education courses when they attend high school.

FEBRUARY 12 - Select students will be taking a field trip to the World Ag Expo, the largest annual outdoor agricultural exposition!
